## FOR IMMEDIATE RELEASE

### CALTRANS GIVES A LITTLE HOLIDAY CHEER TEMPORARY LANE ADDED TO I-15 IN DEVORE

**Devore** - The California Department of Transportation (Caltrans) is in the final stages of re-striping the Interstate 15 Devore Pavement Rehabilitation project and will be adding a lane to northbound I-15 near the interchange of Interstate 215. The temporary lane will open on Wednesday, December 22, 2004 in time for increased traffic during the holidays.

The contractor was able to include striping along the shoulder as part of this contract. The additional lane will improve traffic flow as I-215 merges into the I-15. The lane will remain in place until the permanent lane is established in the upcoming Interstate 15/215 Rehabilitation project in 2006.

Caltrans would like to thank motorists for their continued patience and support during the pavement rehabilitation project. This project will be fully completed in February 2005 as planned. During the final work please be aware of the construction area and always make a point to ***SLOW FOR THE CONE ZONE***.
